REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is the inclusion of the limitations directed to the stop maintaining a constant distance between a lower part of a door and vehicle body. These limitations, in combination with the rest of limitations of the independent claims, are not disclosed or suggested by the prior art of record. The closest prior art of record uses latches at the top of the door to solve the same problem solved by applicant's invention. These are not stops but latches. Also, they do not prevent the bottom of the door being pulled outwardly by the pressure differential surrounding the door.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
